

ENGINEERING MAJOR @ WSU

About

Motivated engineering student with hands-on experience in **project coordination** and **problem-solving**. Quick to learn and eager to contribute, I'm ready to apply my skills to **real-world challenges** and grow within **your team**.

Education

BS Mech. Engineering - In Progress

Washington State University

2024 - present

Associate in Science - Engineering

Centralia College

2021 - 2024

High School Diploma

Onalaska High School

2019 - 2023

Skills

- Adaptability
- Team Collaboration
- Analytical Problem-Solving
- Data Collection and Analysis
- Communication and Teaching

Experience

Intern – Project Coordinator

Washington Department of Fish & Wildlife

Summer 2023 & Summer 2024

- **Site Inspections and Documentation:** Conducted regular site inspections. Wrote and supplied daily inspection reports to ensure compliance with specifications.
- **Teamwork and Adaptability:** Collaborated with diverse teams, solving time-sensitive issues and ensuring project completion in dynamic environments.

Trained Tutor - Calculus/Physics

Centralia College, Centralia WA

2023 - 2024

- **Analytical and Communication Skills:** Delivered clear, tailored explanations in calculus, physics, and chemistry, helping students grasp complex concepts and improve performance.
- **Mentorship and Problem-Solving:** Adapted teaching strategies to diverse learning styles, enhancing students' critical thinking and confidence in tackling challenging problems.

Dining Room Busser

Plaza Jalisco, Napavine WA

2021 - 2024

- **Efficiency and Attention to Detail:** Maintained a clean and organized dining environment by quickly clearing and resetting tables, ensuring a seamless customer experience.
- **Team Collaboration and Customer Service:** Supported waitstaff and kitchen teams during peak hours, contributing to smooth operations and high customer satisfaction.
